

ANACODE TROLLEYS

ELEVATE

YOUR CLEANING EFFICIENCY

Enhance your cleaning efficiency with Tectquip® Anacode trolleys, designed for durability, organization, and seamless mobility. Built to withstand rigorous daily use, these trolleys offer ample storage, easy-access compartments, and ergonomic designs to streamline any cleaning operation. From compact models for tight spaces to high-capacity solutions for demanding environments, Tectquip® ensures optimal performance across various industries.

At Akron, we are committed to deliver quality, reliability, and innovation—helping professionals maintain cleanliness with confidence and efficiency.

TECTQUIP® ANACODE

130

(Anacode 130B + Option 3)

A compact and efficient cleaning trolley designed for easy maneuverability in tight spaces. Its lightweight frame allows for smooth transport, making it ideal for small to medium cleaning tasks in offices, retail stores, and hospitality settings.

AC-130

ANACODE 130

A compact and lightweight cleaning trolley designed for easy maneuverability in tight spaces. Ideal for small cleaning operations, it features sturdy wheels and a durable frame.

AC-130-B

ANACODE 130B

Includes 2 color-coded buckets and a wringer, allowing efficient water separation for better cleaning performance. The ergonomic design ensures ease of use.

ACCESSORIES

JT-062

130 FRONT WHEEL

Replacement front wheel for the Tectquip Anacode 130 trolley. Applicable for 130, 200, and 201*

JT-062-R

130 REAR WHEEL

Sturdy rear wheel designed for smooth mobility on the Tectquip Anacode 130. Applicable for 130, 200, and 201*

ABS-FMH-001

FLAT MOP HOLDER

Secure mop holder attachment for efficient storage and accessibility.

ABS-BKT-17-BBL/BR

17L PAIL

A sturdy bucket with a 17-liter capacity, ideal for carrying and managing cleaning solutions.

ABS-DPW-BLK

WRINGER PREMIUM

A durable and efficient wringer designed for professional cleaning, ensuring maximum water extraction for faster drying.

ABS-MHC-001

MOP CLIP

A secure clip that keeps mops in place on the wringer for easy storage and accessibility.

TECTQUIP® ANACODE

2000

(Anacode 200B + Option 3)

A versatile and spacious cleaning trolley with multiple compartments and storage solutions for better organization of tools and supplies. Its sturdy build and ergonomic design make it suitable for maintaining cleanliness in larger environments such as hospitals, malls, and commercial buildings.

AC200

ANACODE 200

A versatile cleaning trolley equipped with multiple compartments for storing cleaning supplies, making it suitable for janitorial and housekeeping tasks.

AC200-B

ANACODE 200B

Comes with 2 durable buckets and a wringer, designed to handle high-traffic cleaning needs while maintaining efficiency and convenience.

ACCESSORIES

JT-062

130 FRONT WHEEL

Replacement front wheel for the Tectquip Anacode 130 trolley. Applicable for 130, 200, and 201*

JT-062-R

130 REAR WHEEL

Sturdy rear wheel designed for smooth mobility on the Tectquip Anacode 130. Applicable for 130, 200, and 201*

ABS-FMH-001

FLAT MOP HOLDER

Secure mop holder attachment for efficient storage and accessibility.

ABS-BKT-17-BBL/BR

17L PAIL

A sturdy bucket with a 17-liter capacity, ideal for carrying and managing cleaning solutions.

ABS-DPW-BLK

WRINGER PREMIUM

A durable and efficient wringer designed for professional cleaning, ensuring maximum water extraction for faster drying.

ABS-MHC-001

MOP CLIP

A secure clip that keeps mops in place on the wringer for easy storage and accessibility.

TECTQUIP® ANACODE

201

(Anacode 201B + Option 3)

A durable and functional cleaning trolley, built to withstand high-traffic environments. With its large storage capacity and easy-access compartments, it is perfect for janitorial teams handling extensive cleaning operations in schools, hotels, and industrial spaces.

AC201

ANACODE 201

A heavy-duty cleaning trolley built for professional use, featuring a sturdy frame and ample storage space for tools, chemicals, and waste collection.

AC201-B

ANACODE 201B

Includes 2 color-coded buckets and a wringer for effective mopping and water separation. Ideal for large-scale cleaning operations in commercial settings.

ACCESSORIES

JT-062

130 FRONT WHEEL

Replacement front wheel for the Tectquip Anacode 130 trolley. Applicable for 130, 200, and 201*

MOP BUCKETS

RELIABLE.

MOP BUCKETS DESIGNED FOR PROFESSIONAL CLEANING

Akron's mop buckets are designed to meet the demands of professional cleaning with durability, efficiency, and ease of use. Crafted from high-quality materials, they are built to withstand daily wear and tear while ensuring smooth maneuverability. Equipped with sturdy wringers and ergonomic handles, Akron mop buckets provide superior water extraction, reducing drying time and improving cleaning efficiency.

Available in various sizes and configurations, including color-coded options for hygiene control, they offer a practical solution for any cleaning environment.

Trusted by professionals, Akron's mop buckets are the ideal choice for maintaining cleanliness with minimal effort.

SPEEDY RESCUE

Speedy Rescue Option 2

The Speedy Rescue Series is designed to enhance cleaning efficiency with a well-organized, all-in-one system. Equipped with durable pails, ergonomic wringers, and a sturdy trolley, this series ensures seamless mobility and convenience for professional cleaning tasks. Available in multiple configurations, it allows users to customize their setup with additional accessories like mop clips, side pails, and waste bins. Whether tackling large areas or handling high-traffic environments, the Speedy Rescue Series delivers reliability, ease of use, and superior performance.

JT-087-SR

SPEEDY RESCUE B

A complete cleaning system that includes two 30L pails, a Speedy Rescue Trolley, and a downpress wringer for high-volume cleaning.

JT-087-SR-01

SPEEDY RESCUE TROLLEY

A robust trolley designed to carry mop buckets and cleaning accessories for improved mobility and efficiency.

JT-087-SR-01

OPTION 1

Includes a side pail and mop clip set to enhance cleaning convenience and organization.

JT-087-SR-02

OPTION 2

Includes a side pail, mop clip set, and a 40L bin for additional waste disposal and organization.

ACCESSORIES

SAFETY SIGNS

ESSENTIALS:

SAFETY SIGNS

FOR EVERY ENVIRONMENT

Safety signs play a crucial role in maintaining a secure and organized workspace by providing clear warnings and guidance. Designed for high visibility and durability, they help prevent accidents and ensure compliance with safety regulations.

Whether for wet floors, restricted areas, or hazard warnings, these signs effectively communicate important messages in any environment.

JT-025-70/90

ST CONE

Durable and highly visible, the ST-Cone marks hazards or restricted areas. Available in 70cm and 90cm sizes for indoor and outdoor use.

JT-083

ST CONE WIND-PROOF WEIGHT

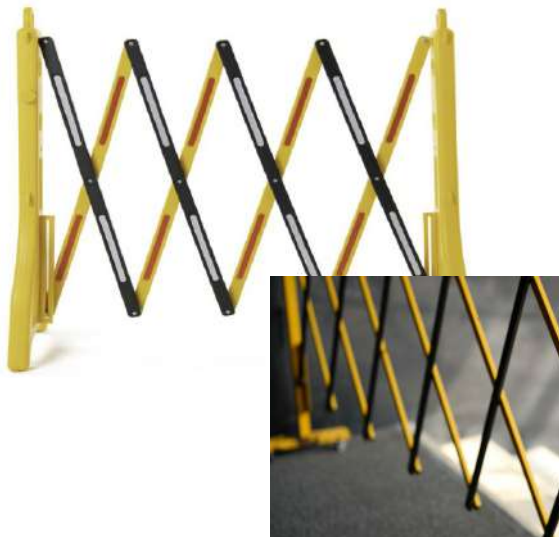

The Wind-proof Weight ensures stability for your ST-Cone in windy conditions, preventing tipping and keeping it securely in place.

JT-029

BARRICADE

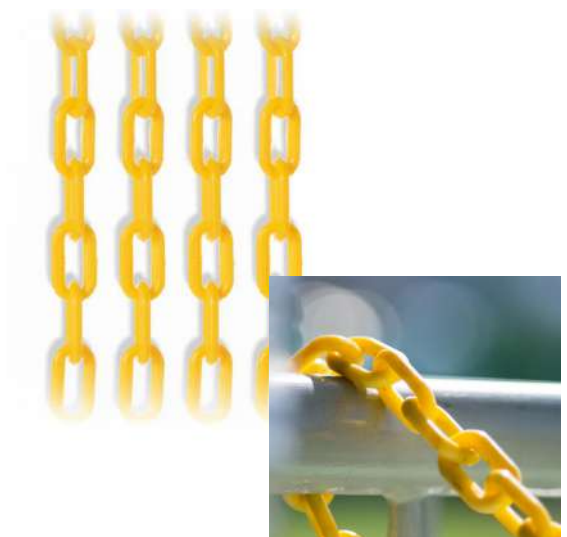

Lightweight, durable, and highly visible, our Barricade quickly secures hazardous or restricted areas—ideal for both indoor and outdoor use.

JT-028

Y-CHAIN

A flexible, durable chain for creating temporary barriers or restricting access, ideal for quick setup and effective crowd control.

JT-024

DS-SIGN

A compact safety sign designed to fit between doors, offering clear warnings or messages in tight spaces.

JT-026

PS-CONE

The PS-Cone features a tent-like structure for easy setup and enhanced visibility, ideal for marking off areas or hazards.

JT-081

PENGUIN FLOOR SIGNS

Compact and highly visible, Penguin Floor Signs effectively warn of wet floors or other hazards. Their durable design ensures reliability, while their easy-to-use foldable structure allows for quick setup and storage.

JT-027

A-SIGN

A foldable, versatile sign for conveying warnings or messages. Lightweight and visible for both indoor and outdoor use.

CLOTH & PADS

EFFORTLESS:

QUALITY CLOTHS & PADS FOR EFFICIENT RESULTS

Achieve optimal cleaning results with our range of high-quality Cloths & Pads, designed for various cleaning applications. Whether you're wiping down surfaces, tackling tough stains, or maintaining floors with machine-assisted scrubbing, our selection offers the right tools for the job. Our SF and GP Cloths provide excellent absorbency and durability for general cleaning, while the Knight Scrub Pads, specifically designed for use with Knight Machines, ensure effective dirt and grime removal on different floor types.

From light maintenance to intensive scrubbing, our cloths and pads deliver reliable performance to keep spaces spotless and hygienic.

WHERE CLEAN MEETS INNOVATION

Knight is a premium brand specializing in high-performance cleaning equipment, engineered for efficiency, durability, and user convenience.

Designed with advanced technology and spear-heading the industry with the power of Lithium-Ion, Knight products deliver superior cleaning solutions for both professional and everyday use.
